

Revelstoke Cultural Strategy

“Revving Up” – the Revelstoke Cultural Strategy provided the City of Revelstoke and the Revelstoke Arts Council with an Implementation Plan and Action Plan for the enhancement and operation of their extensive cultural programs and facilities. A community Symposium with a respected keynote speaker was used as a means of obtaining input from a large range of community stakeholders. The work on the plan included a facilities review and recommendations on meeting the future facility needs of the arts and culture community.
